

Please read the following information carefully to avoid delays on race day.

Our pricing is based on the age of the participants. When sending us information about your team, we need to know how many participants in each age group will be here and for how many days.

Age 13 and up _____ racers X _____ days = _____ tickets X \$48 per day = \$ _____

Age 7 to 12 _____ racers X _____ days = _____ tickets X \$20 per day = \$ _____

Under age 6 _____ racers X _____ days = _____ tickets X \$00 per day = \$ _____

Coaches tickets are issued as follows:

- For teams with up to 5 racers, one coach will receive a free ticket for one training day and each day of the competition.
- For teams with 6 to 10 racers, up to two coaches will receive free tickets. This pattern continues, with one additional coach's ticket being issued for each additional tier of 5 racers.

1 to 5 racers - 1 coach ticket X _____ days

6 to 10 racers - 2 coaches tickets X _____ days

11 to 15 racers - 3 coaches tickets X _____ days

16 to 20 racers - 4 coaches tickets X _____ days

Additional coaches tickets can be purchased at \$48 dollars per day.

_____ additional coaches X _____ days = _____ tickets X \$48 per day = \$ _____

We strive to get you your tickets as quickly and accurately as possible. **Having all of the information we require for your team a minimum of 3 days before the event begins gives us time to prepare tickets in advance and greatly speeds up the process of getting your racers on the hill.** Last minute changes are fine, dropping or adding a few racers is simple to do. If, however, you simply show up at the last minute asking for tickets it will take us some time to get them prepared and to figure out how much you will be charged. **Be courteous to the other teams and skiers by being prepared and getting us your information in advance.**

**DO NOT REMOVE LIFT TICKETS FROM THE ATHLETE'S SKI CLOTHING
UNTIL AFTER THE EVENT IS OVER!**

We do not allow tickets to be transferred between people. Tickets are void once removed. For each ticket your team is issued you will be given a wicket.

If it is necessary to move a ticket to another piece of clothing, the athlete (NOT THE PARENT OR COACH) must come to the ticket windows with the ticket still attached. Then a new ticket will be issued to re-attach the ticket to another piece of clothing. If ticket is not attached in a manner deemed suitable for scanning, the athlete will be required to go to the ticket window for a replacement ticket.
